

Report for Senator Shapleigh's office regarding Bowie High School, El Paso ISD

Assessment, Accountability and Data Quality, Texas Education Agency

September 18, 2009 and **October 22, 2009**

This report is being provided in response to a request for information about students at Bowie High School. The report provides the specific information requested in an email to the Texas Education Agency from David Edmondson dated August 19, 2009.

**An additional year of data was requested by David Edmondson on October 15, 2009. This report was updated on October 19, 2009, to include the additional data. An additional column was added to the tables in responses 2 and 3 to include the 9<sup>th</sup> grade students enrolled in 2006-07 at Bowie High School and following them to the Fall of 2007-08. New data for the 2006-07 9<sup>th</sup> graders are shown in bold.**

Request 1. *The number of students at Bowie High School, broken out by grade level and school year. Please give population counts for September 1 and May 1 of each school year listed above.*

*Response:* The Texas Education Agency does not have enrollment data for the dates requested. What we are able to provide is the enrollment count for the last week in October 2007, labeled as Fall, and the number of students who had attendance records during the last six weeks of the school year, labeled as Spring. It should be noted that the Fall data is a snapshot count of students for one day in October, while the Spring data includes cumulative counts for students who were in attendance anytime during the last six weeks of the school year.

Request 2. *For the group of students who were freshmen during the 2007-08 school year, the number of students who, for any reason, ceased attending Bowie High School between September 1 of their freshman year and May 1 of their sophomore year.*

*Response:* 1. We followed the 381 students who were freshman at Bowie High School in the Fall of the 2007-08 school year to the Fall of the next school year, 2008-09. We do not have data associated with the September 1 and May 1 dates requested. Instead, for each year counts of student enrollment are provided for the data submission freeze date which occurs late in October of each year.

**Response 2. We also followed the 383 students who were freshman at Bowie High School in the Fall of the 2006-07 school year to the Fall of the next school year, 2007-08. Again, for each counts of student enrollment are provided for the data submission freeze date which occurs late in October of each year.**
