

# El Paso

## FIVE STAR AGENDA

### Seamless Border

El Paso, Texas' fifth largest city, lies at the heart of the Camino Real-Southwest trade corridor system that carries one in five North American Free Trade Agreement (NAFTA) commercial vehicles. Yet, El Paso is the only large Texas city that has no completed inner nor outer loop. Our agenda:

- \$ Secure El Paso's Inner Loop to enhance Fort Bliss' projection platform and Base Realignment and Closure (BRAC) rating
- \$ Fund Key Border International Trade Projects
- \$ Issue "smart cards" to thousands of Border citizens who present no security risk and who are the most frequent travelers across Border points-of-entry
- \$ Invest in Border rail routes to shift cargo from commercial vehicles and lines to rapid rail and just-in-time markets
- \$ Fund "state of the art One-Stop" Inspection Stations
